- Assisting the school principal in organizing the test schedule;
 - Assisting the school principal in the dissemination and collection of test materials; and
 - Assisting the school principal in assigning school officials to administer or proctor the assessments.

**APPENDIX B – CODING TERMS AND DEFINITIONS
USED ON ANSWER DOCUMENTS IN NPEP ASSESSMENTS**

Coding Terms and Definitions

Used on Answer Documents in NPEP Assessments

This appendix provides definitions to assist school and district personnel in coding answer documents correctly. Each administration manual for the individual tests in the NPEP has specific instructions for completing each section on the answer documents. To minimize confusion, all answer documents for the HSPE, Iowa Tests, writing assessments, and CRTs have been standardized so that information is collected in the same way on each answer document.

RACE/ETHNICITY:

This section should be completed by school personnel rather than by the students using information from the District's Student Information System. The instructions require that only ONE group be selected. If the student completes this section and could be considered a member of two or more groups, the student should be instructed to choose the group with which s/he most closely identifies.

Code	Race/Ethnicity
I	American Indian/Alaskan Native
A	Asian/Pacific Islander
H	Hispanic
B	Black, not of Hispanic origin
C	White, not of Hispanic origin

TESTING CONDITIONS

This section applies only to a student with an IEP, a student with a Section 504 Plan, or a student identified as Limited English Proficient (LEP) and only if the student used accommodations on the test. See pages 16-21 of *Guidelines for the Nevada Proficiency Examination Program 2004-2005* and Appendix F (IEP), Appendix G (504), and Appendix H (LEP) in this document for further information on the use of accommodations.

Code	Testing Condition
R	Regular conditions (no accommodations)
A	Accommodations (formerly called "Permissible Accommodations")
M	Modifications (IEP students only) (formerly called "Non-Permissible Accommodations")

INVALIDATION

This section will be filled out only if a student's test must be invalidated. If this code is marked, the student's participation will not count for AYP purposes nor will the student be considered proficient. This procedure replaces the previous practice of marking all the bubbles in the first five or six rows in the answer section of the test involved (*HSPE*, *CRT*, or *ITBS/ITED*).

Code	
I	Student's test has been invalidated.

Outline of Requirements for Test Administration and Security of the Nevada Proficiency Examination Program (NPEP)¹

1. All educational personnel involved in the administration of NPEP examinations must be trained annually in the instructions regarding preparation for testing, handling test materials, and test security for those tests that will be administered in their school.
2. Each individual who is involved with the administration of NPEP examinations will acknowledge in writing that he/she has read and understands all information provided by the school district related to proper test security and test administration, and understands the potential consequences for failure to comply with the state and district test security plans.
3. Locked secure storage must be provided for all secure test materials, including test booklets, writing prompts, answer keys and completed answer sheets, while the materials are on site.
4. The locked room or file cabinet used for the storage of secure materials required for the Nevada Proficiency Examination Program must not be accessible to anyone other than the principal or test coordinator, nor can it be used for the storage of other materials to which individuals other than the principal or test coordinator require access.
5. Examinations must not be distributed to those who will administer the test until the prescribed date for test administration.
6. Knowledge or review of actual test content is not necessary for valid test administration and is strictly prohibited.
7. Under no circumstances shall copies of test booklets, writing prompts, or student responses be circulated among faculty, administrators, or other persons.
8. Examination booklets may not be copied or reproduced by any means without the prior written authorization of the test publisher and the Nevada Department of Education.
9. Administration of a NPEP examination to a person who is not eligible to take that examination is an unauthorized disclosure of test content.
10. A log identifying the serial numbers of test booklets must be maintained for each transfer of the test booklets from one individual to another (including distribution to students).
11. At least one test administrator and a sufficient number of proctors must be provided at the testing site to adequately supervise the testing. A ratio of one proctor to not more than 30 students is strongly recommended.
12. At no time should students be left unattended with test materials.
13. All required materials, e.g., #2 pencils, test booklets, answer documents, and scratch paper must be provided at the testing location.
14. Additional materials, beyond those specified in test administration instructions, or approved by an IEP committee, must not be provided to students for use during a test administration.
15. The class test administrator must account for all test materials, including test booklets, writing prompts, student responses, and other test materials, including scratch paper, before a student is allowed to leave the testing area for any reason.
16. On completion of testing, test administrators must return testing materials to the test coordinator in a timely manner and not later than the end of the school day on which the test(s) is/are administered. If testing will take place over a period of more than one day, all testing materials must be returned to the school test coordinator at the end of each school day and picked up again in the morning of the next testing day, unless otherwise specified in the administration manual.

¹ This outline provides a **summary** of test administration and test security requirements. It is imperative that all guidelines and procedures be strictly adhered to.

for the Nevada Proficiency Examination Program**

Effective for 2004-2005 School Year Only

CONFIDENTIALITY AGREEMENT

This form is to be used by a test administrator who is required by a student's IEP to read portions of any state assessment. Test security guidelines must be strictly adhered to in the administration of NPEP testing for all students.

Test security and student confidentiality are of utmost importance to the Nevada Department of Education. As a test administrator for special education students on state assessments, you have access to materials that must be regarded as secure, specifically any content that you read in any of the testing booklets. All materials must be treated as confidential. You are not to reproduce any materials, directly or indirectly, not to disclose the contents of these materials to anyone, not to discuss the test with anyone, not to take notes about what you read, and not to in any other way let the contents of the test be known.

We are certain that you share our concern that all assessment materials and student responses be handled in a professional, secure, and confidential manner. By signing this form, you agree to abide by these guidelines as set forth in NRS 389.015.

**APPENDIX J – SHIPPING INSTRUCTIONS FOR
WRITING EXAMINATIONS**

**INSTRUCTIONS FOR RETURN OF ANSWER DOCUMENTS
FOR ALL WRITING ASSESSMENTS TO
THE DEPARTMENT OF EDUCATION**

Instructions for Return of Answer Documents for All Writing Assessments to the Department of Education

Preparing Writing Assessment Answer Documents for Shipping

Make certain that only the new answer documents have been used. Destroy the old blue for HSPE in Writing and purple for 4th and 8th Grade Writing answer documents. All information blocks on each sheet of the answer document must be filled in with the information requested. These demographic sections of the answer document identify the student as well as the district and school that will receive the reports. Without this complete, accurate information, students may not receive their scores.

Schools must submit an answer document for every student enrolled in the grade (4th and 8th grade) required to take the assessment. At the high school level, an answer document must be submitted for 11th grade students enrolled in the school for the first administration of the HSPE in Writing in November whether the student actually tests or not. The only exception to this policy is for reclassified juniors who took the *HSPE in Writing* during the previous year. Any 11th grader new to the school after the November test administration must also submit an answer document for the April administration whether the student tests or not. In test administrations for the HSPE that are designed to allow 12th grade students and adults an additional opportunity to pass a required HSPE test, only answer documents for those students who test must be submitted.

General Instructions for Submitting Writing Forms

All parts of the answer document must be returned to the Nevada Department of Education. Only those answer documents with writing on them will be scored with the exception of those from IEP students using an alternate response mode. Use only the new answer documents. The old forms cannot be processed through the scoring program, and, if used, students will not receive scores.

Grades 4 and 8 Writing Assessments

- Do NOT separate the two halves of the answer sheet before shipping.
- No individual writing answer sheets may be submitted without an attached demographic page.
- **DO submit answer documents for students who begin the writing test (i.e., complete either the brainstorming and/or rough draft during the first and/or second sessions) but are absent for the final session (i.e., they do not have even one word on the writing page of the answer document).** The student's brainstorming work and/or rough draft must be paper-clipped to the inside of the answer document with the student's name and answer document number written on it. These answer documents should be separated from the other answer documents and submitted with a separate Grade/Category Header Sheet for Fourth and Eighth Grade Writing Assessments with the box for "Incomplete" marked.
- **Do submit answer documents for each student who is absent and did not take the test. Fill out a Grade/Category Header Sheet marking that students "Did Not Participate."**
- **Do submit an answer document for every student who was tested using the SCAAN. Include these answer documents in the "Did Not Participate" group.**
- **Do submit answer documents for any student whose test has been invalidated because of cheating or because of a test irregularity that impairs the validity of the score. Fill out a Grade/Category Header Sheet and mark "Invalidated Scores" for these papers.**

- **Do fill out a Grade/Category Header Sheet for each category of answer sheet, as needed: Regular Topic, Alternate Topic, Incomplete, DNP, and Invalidated Scores.**
- **Make certain that your count for each of the categories is accurate.**

HSPE Writing Assessment

- **Do NOT separate the demographic page from the writing page.**
- **Do submit answer documents for every student who is absent and did not take the test. Fill out a Grade/Category Header Sheet indicating that students “Did Not Participate.”**
- **DO submit answer documents for students who begin the writing test but do not complete it. These answer documents should be included with the other answer documents to be scored.**
- **Do submit an answer document for every student who was tested using the SCAAN. Include these answer documents in the “Did Not Participate” group.**
- **Do submit an answer document for any student who is cheating or whose test must be invalidated because of a test irregularity that impairs the validity of the test. Fill out a Grade/Category Header Sheet, and mark the box for “Invalidated Scores.”**
- **Do fill out a Grade/Category Header Sheet for each category of answer sheet, as needed: Regular Topic, Alternate Topic, Did Not Participate, or Invalidated Scores**
- **Make certain that your count for each of the categories is accurate.**

Replacing Damaged or Incorrect Answer Documents

The two halves of an answer document are numbered so that the computer can identify and match them after they are separated during the scoring process. It is essential that electronic coding on the demographic page and the writing topic page of an answer document match. If one of these sheets is damaged and must be replaced, both sheets must be replaced. Examples: If the writing section of an answer document is damaged so that a new form must be used for this test, the demographic part of the new answer document must also be completed and submitted; if the demographic section of an answer sheet is damaged, all responses, including the writing samples, must be copied to a new form before submitting the documents for scoring. The student must transfer the writing from one answer document to another.

If an old answer document was mistakenly used, the same procedure outlined in the previous paragraph must be followed so that all information on both pages of the answer document is transferred to a new answer document.

If an answer document has been pre-slugged and the information is incorrect, a new answer document must be filled out completely. Do not attempt to make corrections on the pre-slugged document.

Batching at the School Level

Following these instructions is of utmost importance to guarantee that scores are returned in a timely and accurate manner. School personnel are the key to success, and attention to detail at the school level will avert many potential problems. A lost or improperly packaged answer document is a serious matter.

- Use copies of the forms that are provided in this Appendix for returning answer documents to the Nevada Department of Education. **Do not create different forms.** Note that there are separate forms for the 4th and 8th grade writing assessments and for the High School Proficiency Examination in Writing at the school and district levels.
- Using the required roster of students who took the writing assessments or proficiency examinations,¹ please prepare the answer documents for shipping to insure that the number of documents packed for shipping agrees with the number of documents received. The person preparing the package should print his/her name as well as initial on the Grade/Category and School Header Sheets. This is the person the District Test Director will contact if the count on receipt of the documents either at the district or state level does not agree with the count indicated on the School Header Sheet.
- A check should also be made to determine that the number of answer documents being submitted is equal to the number of students who are enrolled and must be tested.
- After being checked for correct entry of the appropriate “Population” and “Testing Conditions” codes, papers for special education students, should be batched with those for regular students in the appropriate grade level.

Batching 4th and 8th Grade Writing Assessments at School Level

Schools may make photocopies of students’ writing samples and retain them for instructional purposes.

1. Ensure that classroom test administrators have conducted the edit checks listed on page 30 of *Guidelines for the Nevada Proficiency Examination Program 2004-2005*.
2. **DO NOT SEPARATE THE TWO PARTS OF THE ANSWER DOCUMENT.** If the answer document has been separated, the test may not be scored. Refer to the previous section on replacing a separated document.
3. Carefully remove any perforated side “tractor” strips still attached taking care not to damage answer sheets.
4. Separate the answer documents into one of five categories:
 - Regular Topic
 - Alternate Topic
 - Incomplete Tests
 - Did Not Participate
 - Invalidated Scores
5. Complete a “4th and 8th Grade Writing Assessment Grade/Category Header Sheet” for each category.

¹ This roster is required by AB 214, passed by the 2002 Legislature, and is essential in accounting for all testing materials before they are returned. The roster may be a sign-up sheet that indicates the student’s name and the test(s) to be taken or a preprinted roster where students can initial by their names and verify the number(s) of the test booklet(s) received, when appropriate.

6. Complete the School Header Sheet and place it on top of the answer documents that are stacked by grade for the school.
7. Pack and return the answer documents to the School District Office, as directed by your District Test Director. After completing the steps listed above, private, exempt, and other non-district affiliated schools should return answer documents to the Nevada Department of Education, Office of Assessment, Program Accountability, and Curriculum.

Batching the HSPE in Writing at the School Level

1. Insure that test administrators have completed the edit checks listed on page 30 of *Guidelines for the Nevada Proficiency Examination Program*.
2. If both 11th and 12th graders tested, sort the answer documents BY GRADE.
4. For the *HSPE in Writing*, DO NOT SEPARATE DEMOGRAPHIC SHEET FROM THE WRITING PAGE.
5. Carefully remove any perforated side tractor strips still attached, taking care not to damage answer sheets. If the answer documents are damaged, the scanner cannot read the sheets.
6. Count the number of documents in each group and log the count on a separate Grade/Category Header Sheet for each grade and category listed above. Check the appropriate boxes for grade, and category. (See “High School Proficiency Test in Writing Grade/Category Header Sheet” in this Appendix.)
7. When steps 1 through 6 have been completed for all grade levels tested, complete the School Header Sheet Header sheet in this Appendix.
8. Pack and return the answer documents to the School District Office, as directed by the District Test Director. After completing the above steps, private, exempt, and other non-district affiliated schools should return answer documents to the Nevada Department of Education, Office of Assessment, Program Accountability, and Curriculum.

Batching at the District Level

1. For both the *HSPE in Writing* and for the 4th and 8th grade writing assessments, check to make certain that answer documents have NOT been separated.
2. Batch answer sheets by school and insure that the appropriate Grade/Category and School Header sheets are used to separate different types of forms and grades. Place the School Header Sheet on top of the documents being submitted from that school.
3. Complete the District Header and place it on top of the stack of documents from the district. Please note that there is a District Header Sheet for the 4th and 8th Grade Writing Assessments and one for the *High School Proficiency Test in Writing*.
4. Place groups of completed answer documents in boxes (or shipping envelopes for smaller numbers of answer sheets), keeping all documents in the same school and grade together. If more than one container is needed, mark the containers 1 of 6, 2 of 6, etc.
5. Tape the boxes (or envelopes) securely and ship to:

**Nevada Department of Education
Assessment, Program Accountability, and Curriculum
Room 107
700 East Fifth Street
Carson City, Nevada 89701**

6. Ship by a means that will ensure that the Nevada Department of Education will receive your tests quickly and that provides you with either a receipt (e.g. certified mail, return receipt requested) or a
7. method of tracing the shipment (UPS, Fed-Ex) if the shipment does not arrive promptly in Carson City.

Answer documents should be shipped as soon as possible after testing so that the Department will receive them NOT LATER THAN the following dates:

Test Date	Deadline for Receipt of Documents
November 3, 2004	November 12, 2004
Weeks of January 18-27, 2005	February 4, 2005
February 9, 2005	February 18, 2005
Weeks of February 17-27, 2005	February 25, 2005
April 6, 2005	April 15, 2005
May 18, 2005	May 20, 2005
July 13, 2005	July 22, 2005

In most cases, the deadline is at the end of the week following the testing dates. Please note that answer documents for the May test must be received by the Department of Education by noon on the Friday following the test date because tests will be scored on May 21 so that schools will have the scores prior to graduation.
